politicals so cial a and economic development these country . Neglecting argmeters of human capital will led a towards backwardness. Lite pales la towards national Ostacles development sie must be controlled Brimmently. To begin with me importance development goals provides an idea for how a country can achieve its progress. Unfortunetly, Palist Strands at a critical towards astaining the Bustamable Developmen goal (SDC) aglobal framework set by Und Levelopment However Palustan railes 137th out of 167 countries the Sustamable development Report 2024 a score of ST on the SDG Index. The highlights a state reminder that Palita builed to provide the basic health, education porenty reductive axionicity coordedata ansequently, lead to high mortality rates and illiterary levels. Additionally, President Clinton book "Paradok of Prospecity" has given the idea that traditional methods of prospecty not work rather focus on welface of he people and stress a science and technology paves the way to socces. But, Palistan's its bachwardness seems main a continuous neglect of the basic amneties life. In start, famistan is not only in achieving the SDG goals rather it

Chief on hoof prospectly which vesults in its bachwardness. After discussing the man indicalors of Sustainable development goals and the neglected the basic essecial or prosperty which lead Palistan downed barrayadays, Now the excly will focus on the how the neglect of frimary health can is the primary reason of Palistans bachwardness. Initially, women's health are an important factor behind the progress of any country becourse of its population thousen, in Palistal there has been a highest rate of mortality rules. underscoring the grave silicatra. In Palistan, the naternal mortality rate (MMIR) remains a significant deaths per 100,000 live births Moreover, in the "Health and Surrival Index" = , the sub-index of the gender gap avsersment, Palvistan ranks 143rd out of 146 countries. This Shows the ciftical condition of women in Paliston. Morever, as per world Economic Forum Pepert Titled, "Closing the Wanen Gap: A \$ 1 trillian Opportunity to Improve livies and Eunawies "seus that claring the gender health gap facing women grobally could lead to a 1.7.10 increase n per capita GDP, matrative building on Data is can potentially unlock fine regen of women's Hence Palistan continuous region of its health became the major reason of its Pr impeding its progress.

DATE \_ Along with the Empertance of women's health, Children health A istential thieat top sustainable Progress. Childrens are the asset of any national development The fulive of air country lies with the weeface of the young generation. However, in Palusta as Per Dairy Product Association, 40.1.0 children have stunted growth and age are underweight. This poor health and dietry concern sondaiscores the device of Princey health facilities provided to kids. Moreover, as per UNICEF report, eight out of 10 childi'n Paliistay to not east the right type of food, highlighting he startage of be provided to young food that ought to generation for their growth and development In short, the regret · children health å horemost reason behind Palistan's bachwardness. In addition to children health conceins, shortage of specifized docions and nurse further adds hours to the fire & As Per are Standing committee, Pal monasses and so,000 to 40,000 doctors regiced with PMDC midianes. This is are not prograsing banc delimma of our society quile unemployment the rate of even for the educated people F our society how been the most secious lencern that should be imminently resolved. More over the Shortage

of female doctors and nurses further compounds this issue because the our religion does not allow women to check be checked by & male doctor. This is the wearon why the conservative families does not allow women to prefer male doctor. Resultantly, Palistan ranks 143rd in the "Health and Survival" of Gental Cap Index. To sum up, me dedorce and nurses Should be given failities in order to prospe the national development otherwise it would the one of the reasons of Palistan ballwardney Furthermore, the poor infrastructure and marntaince of hospitals along with the scarcity of doctors and nurses proposes the alarming situation on Palistan. The man Any country which give its citizens proper senitation and well-eguipped hospitals with evential items, somes most of its people lives and continue to thrive in progress. Unfortunetly, Palistan's backwardness bein he one of the reasons that it doesnot Provide any essential facilities and take care to haspitals. For ynstance, the case of Holly family hospital can be one of the example which not only contains outdour surgical

equipments, mi also lack of specialized doctors and pour sacitation and structural

flaws in manufacturing of the pamous publicsector hospital of Islamabad. That is why

	corruption is also the opposition of magin
	neason of country's impeding growth.
	Aprerwards, the continuous neglect
	of allocating sufficient budget for
	education and gender disparity solso
	adds fuel to the five and impedes economic
	and societal growth As per World Bank
	Report 2024, Palistan 's education spending
	stands at mound 2.2.1. of its GDP, for
	below the recommended 4.10 to 6.10 and
	health expenditures remain similarly low.
	This lack of investment in human capital
	development severs has contributed to persistent
	economic Stagnation and inequality. Though,
	Article 25-A of the constitution states to
	give free and compulsing education to
	children. pto 18 years yet it doesnot
	has fulfilled its implementation. Palistan.
	is far behind India and Bangladeshin
	econo educational progress as well as
	creal development. Their allocation is
	almost 4 to 6.1. of their GDF for
	education. which is why they are persistently
	maling progress in every fields. Insum,

DATE: \_\_\_/\_\_\_ Palistan orght to learn from the educational inclusiveness of Bangladeshad India in order to thrive. It is also On addition to the importance of proper allo carro of budget and gendu inclusive how the importance of knowledge economy that is leading in todays world cannot be indumined. Yural Noah Harrai in his book" 21 levsons of the 21st century" undersorres the importance of knowledge exemally with the help of technological innovations the States that previously costales were fighting for economies, but in fulire countries will fight because of technological advancement. Those states who will poeper scientific revolution in the form of AI and the importance of Prinovation, will lead the world. The countries like Paluistan which do not give importance to Knowledge will be left behind. Morever, the education system of Findland is consider one of the best in the world . This is becau of their inclusive educational preference and importance given to finaralin and countal developments To include, Palistan needs to realize the significance of also Knowledge economy by investing; n huma capital development pro succeed in the world. regien of education and knowledge in Palistan which in pacted its growth,

now the coming information in this ensuy will focus on the consquences of this continuous neglect of primary health and education on Palistan's sustainable development. Snibilly, one of the briggest concern now the threat of brain drain which imparting severely on the economic growth of Palistan. As of April 2024, over 13.53 million Palistanis have migrated abroad writemporematureralata ing to Palistan Economic Survey. This undersceres the dangerous oftential where If the educated claim is persistently preferring moving about and a vast rate of illéterale population sperifically the youth youth is lieft behind, then there will be no mean to have prosperty. This is because, an edycated section of Suriety only becomes or burden on the state. To taible this grow issue which is the only breason of State's vachwardness Then, adding to the problem of borain drain, the Paluistan's amknumous demante dountum as further encapsulated by this neglect of himan capital. I Neglecting the welfare of the people Paleistan can male no progres. As ple World Baule Reports prinary essentials services sorsen's Palistan overall
