Day: _____

Do not reproduce the list. Just write the essence.

The aim of the university is to produce healthy and responsible citizen of society. It is not limited towards making professionals, heroes and genius. Moreover, it is not an arena where intellectuals, poet, leader or conquerors are produced, but they learn from nature. Furthermore, it is not entitled to form ~~critic, experimentalist,~~ **skilled professionals** ~~economist or engineers~~. However, university is entitled to produce productive, innovative and prosperous segment of society. In addition, it is education which empowers men to judge right and wrong and to turn things accordingly. Moreover, it appreciates men to make good decisions, **broaden** broader their intelled and ~~to~~ determine things according to their requirement. At last, it makes men **conclusive** and facilitator.

Title: The Role of University

Idea is generally ok. Mistakes identified.
