	Title: A Socio-Cultural Analysis of	title is too
	European Imperialism in the	max 2 3
	Third World	words!!!!
	The same to the property of the same of th	
	Culture has a dualistic character	
	where the innertideological aspects translate	
	into formal aspects. Culture is intertwined	
	with social structures and any change in	
	them impacts the latter and vice versa.	
	Hence, the sociocultural analysis of	
	problems in third world countries is key to	
	understanding their social problems regarding	
	politics and economics. The analysis reveals	
	That European imperialism exacerbated	sentence structure is
	the existing divide between the two.	not correct
	societies of that era: restricted but intelluctual	
	reudal couleties and the tribal societies.	
	Imperialism froze Mair development and	
sentence too	accrued the racial, ethnic, and religious	word count is missing and
long	divide within and between the two types	main idea is
	of societies producing the current social	picked but there is issue
	dructure of the third world.	of coherence
