### Essay

The China-Pakistan Economic Corridor (CPEC) is often heralded as game-changer for regional connectivity and economic prosperity. As former Pakistani Prime Minister Nawaz Sharif once stated, "CPEC is a transformative project that will not only bring prosperity to Pakistan but also strengthen the bond between China and Pakistan. This ambitious venture fosters economic cooperation, energy, job opportunities, regional connectivity and trade. However, while CPEC offers substantial opportunities, it also presents significant challenges

such as security, political  
instability, local discontent  
and debt sustainability.  
Thus, a ~~un-~~ balanced and
