

Q. Taiwan is a Potential conflict between China and USA. Critically evaluate the reasons and why and how the two countries must avoid the conflict.  
Introduction of Taiwan conflict.

Taiwan is a <sup>small</sup> island, which is near to China. China claims on Taiwan as a part of China. China and Taiwan was one in 1800s. Taiwan is a conflict because the USA wants to ~~cont~~ support Taiwan as a state. China says this is my territory.

History of Taiwan and China :-

In 1624 to 1885, China and Taiwan was one and that time was under Dutch colony. When first Sino war happened in 1885 between China and France France won the war and controlled on Taiwan. When second Sino war happened then France defeated and again China controlled Taiwan.

Ching kal. Shek became the head of China. He was dictator. In China civil war started against government. Mao zedong won the civil war and dictator Ching kal Shek went to Taiwan.

In 1949, China became independent and separated Taiwan. Now China claims that Taiwan is a part of territory of China.

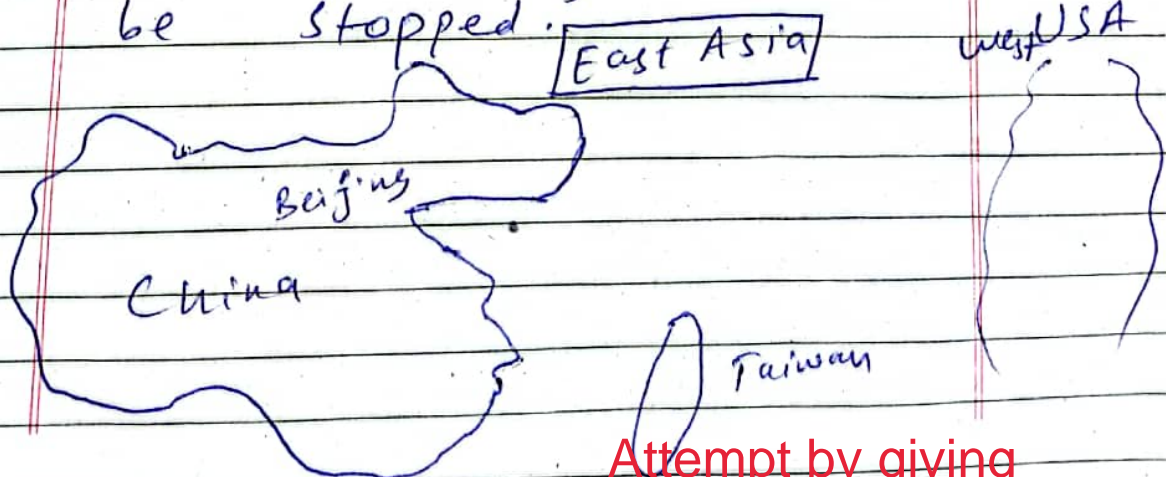

Why Taiwan is a conflict between China and USA.

Taiwan is a independent country. He produce semiconductor and sell in USA market and in China. China claim on Taiwan as a part of territory but Taiwan want to sustain as a independent country. The USA supports Taiwan as a independent country because the USA is rival of China and the USA does not want to stable China.

The USA provides military equipment to Taiwan and the USA wants Taiwan does not sell his semiconductor to China. why and how the two countries must avoid

the conflict :-

why:- The USA and China should avoid the conflict because the USA and China are both nuclear country and they leads the world economy. If the USA and China conflict were raised than instability will raised in all over the country. China export 60% his goods by South China sea where there conflict arised then the world economy will be stopped.

How the two countries must avoid the conflict.

Any conflict can be solved by diplomatic efforts. The two countries must solve his problem on international forum. The solution of Taiwan conflict must be solved by referendum. The international forum must convince Taiwan premier and China for referendum in Taiwan. If Taiwan citizen vote in favour of China then he must go to annex with China if they want as an independent then China must accept his independence.

3 The USA want Taiwan does not sell his technology on China. The USA should not interfere in Taiwan foreign policy. Taiwan should sell his product where he finds good opportunity. If international forum, and China, Taiwan and USA follow these

recomendation then the conflict can be avoided.

**Conclusion:-**

China and USA are very serious on Taiwan issue. The USA wants influence on Taiwan and china does not want because in future there may arise challenges to China. So the bothe countries and the international forum must solve the problem by mutual consensus and referendum in Taiwan. ~~when~~ these solution then China and Taiwan problem can be solved and Taiwan ~~should~~ <sup>will</sup> not need support ~~of~~ USA in sustaining the Taiwan as a state.
