UNRWA Ban

Israel is not satisfied the current
vulnerable situation of Palestine, they
are trying to make it more
devastating by putting allegation
on UNRWA (A UN Relief and work
agency for Palestine refugees) a
terror group and they also involved

on 7 October last year. UNRWA a
UN institution that are helping the
Palestine into their devastating situation
with food and other life necessities.

or to die with any disease.

Israel's behaviour toward UN
is always in contempt. In recently
the Tel Aviv foreign minister
has attempted to bring the UN Security Council as
a stain on the history of the UN.
This shows that Israel is a rogue
nation. If Tel Aviv's western allies
are serious about to stop the UNRWA
reservés into Palestine or any other country
then they must do more than
express concern.

But the problem is that when
it comes to Israel many powerful
states show hypocritical behaviour;
on media show and express that
condemned the situation in Palestine
but actually ensuring that Israel
right to carry the slaughter into
Palestine in the name of self
defence.
