

**SUBJECT: REQUEST TO MEET YOU VIRTUALLY OR IN CAMPUS.**

Respected Sir, Huzaifa,  
Good Day,

I hope my message finds you well. I am Mashal Naeem and I hold a masters degree in Biochemistry and Molecular Biology. I am intending to appear in CSS 2025 and unfortunately this will be my single attempt I intend to give the exam with full zeal and zest but am finding it extremely hard to study and gauge the concepts of newer subjects. Therefore, I will be needing your guidance in planning the strategy for CSS 2025 and want to meet you as soon as possible in this regard. I can meet you both virtually and in Rehmanabad Campus but want to meet as soon as possible. Please let me know how can I discuss with you.

I talked to you in Pakistan Affairs Security class also and you asked me to contact you via LMS.

Regard,  
Mashal Naeem
