Nizar Hassan, a Mashhadian filmmaker produced a film, "Independence" and told about so-called concept of Israeli's ~~of~~<sup>about</sup> independence. A Palestinian documentary filmmaker Nizar Hassan, wrote in his e-mail about his recent film, "My Grandfather's Path", choose ~~you~~ the opponent mindfully because at the end ~~you~~<sup>they</sup> will be like them. Those who condemn about Zionist colonisation would soon become like them and they will underestimate their values, ideas and heroes and do not be their pray. Palestinian art, poetry and drama saved him from trap.

Nizar's new documentary exposed Israel's forced occupation over Palestine.

This documentary is a beautiful and true description and piece of art of Palestinian state. One should watch it in one go without any interference because it is the mini documentary of "My Grandfather's Path."

Title: Nizar Hassan's poetic salvation from Israel.
