Q.No.2 Write a précis of the following and suggest a suitable title: (20)

Of all the studies by which men acquire citizenship of the intellectual commonwealth, no single one is so indispensable as the study of the past. To know how the world developed to the point at which our individual memory begins; how the religions, the institutions, the nations among which we live, became what they are; to be acquainted with the great of other times, with customs and beliefs differing widely from our own—these things are indispensable to any consciousness of our position, and to any emancipation from the accidental circumstances of our education. It is not only to the historian that history is valuable, not only to the professed student of archives and documents, but to all who are capable of a contemplative survey of human life. But the value of history is so multiform, that those to whom some one of its sides appeals with special force are in constant danger of forgetting all the others.

[Bertrand Russell]

Q.No.3 Read the following passage carefully and answer the questions given at the end. (20)

In the twilight of an enigmatic realm called Lumina, an ancient prophecy foretells the emergence of a chosen one who will wield the power to unravel the veil between worlds. As whispers of the prophecy echo through the lands, young Aria finds herself burdened with strange visions and ethereal dreams that offer glimpses into a forgotten past and an uncertain future. Plagued by curiosity and a deep yearning for meaning, she embarks on a perilous quest to discover her true destiny and the purpose behind these haunting revelations. Venturing through treacherous terrains fraught with enchanted forests, impassable mountains, and otherworldly rivers, Aria encounters mythical beings whose existence was once thought to be mere legends. Among them, she crosses paths with the elusive Oracle of Luminous, a mystical seer said to possess the answers she seeks. Cloaked in veils of mystery, the Oracle challenges Aria's resolve, testing her with a riddle that demands unwavering wit and cunning to unravel. Amidst the trials and tribulations of her journey, Aria grapples with internal conflicts as she grudgingly embraces her unique gift—a connection to the ancient magic that pulses through the very fabric of Lumina. The burden of being the chosen one weighs heavily on her shoulders as she navigates through the blurred lines of destiny and free will. Throughout her odyssey, Aria befriends intriguing companions, each with their own enigmatic pasts and motives.
