

English Translation

Test-1

Q. Translate the following into English, keeping in view the idiomatic / figurative expression. (10)

History has filled with those successful people that have started their lives with extremely difficult situations but later included among the successful and popular personalities of the world. You never get success, respect and fame easily but you could get wealth easily with only a condition that your forefathers must have property then only you will get wealth. You can buy materialistic things with wealth but not happiness. Seldom, it takes several centuries by man to make respect but disgrace and controversies take just a second.
