2-	SCIENTIFIC STUDY OF CRIMINAL
	BEHAVIOUR:
	Criminology in Parcistan also
7	scrolues around the scientific study
1.0	of cuminal behower. The factors
	which are responsible for criminal
i i	behavior are the core subject of
	discussion by eximinologist
3.	DEVIANCE AND SOCIALLY DISA-
	-PPROVED BEHAVIOUR:
	Deviance means the violation
	of ethically set and moral standards
	of ethically set and moral standards of society. There are acts in society
	which are considered as demant
	act but not regarded as ceiminal
*	act but not regarded as ceiminals act. Criminology in short deals
	with the Lenait and Socially
	disapproved behavior.

Date: / /20 CHILD DELINQUENCY: child delinquency means indulgence of child in criminal activities. In Pakistan, childrenare involved in cuminal activities. Hence, cuminologist identify the causes. of crime perpetuated by children and also suggests measures to prevent children from winninal activities. 5. CREMENAL JUSTICE: Conminal Justice System of Pakistan aims to control crimes in the society. It invokes institutions such as faw enforcement agencies, prison, parole and probation in order to control cuminal activities. 6. BIOSOUTAL CRENTINOLOGY: Biosocial criminology attempts to explain relation between biological factors and the prosperity to commit cumes. Criminology explains this in order to Show connection between biological factors Such as genetics and wimes. 7_ (PHONOLOGY:
