Brain Drain Causes and Consequences.

(Intro) Allama town was the residency of skilled Carpenters, drivers, masons and architects. They lived happy life since 2003 but after March 2024 a gang of robbers and murderers rashed the town and killed 20 drivers and 16 masons. Three Architect were kidnapped in a week. In a month, the trained professionals didn't find Allama town a secure town to develop and started migrating to rest of the cities. As same is the issue of Brain Drain with Pakistan since its birth, it is growing like mountain and may touch sky in future. Brain Drain is a phenomenon of departing skilled and trained professionals due to some circumstances as Security and political threat, economic Bombustle. Many developing states face this problem one of them is Pakistan. Brain drain is caused by physical, economic, political threats and development issues and impacts on lowering Human development index, fall in economy and regulates unchanged corrupt employees and highlights underdeveloped institutions.

The paragraph on the apple plant, like almost any piece of effective writing, has two essential parts: (1) a point is advanced, and (2) that point is then supported. Taking a minute to outline the paragraph will help you understand these basic parts clearly. Add the words needed to complete the outline.

Point: Working in an apple plant is the worst job I ever had.

Reason 1. The work was physically hard & more duty hours.

a. Loaded cartons onto skids for ten hours a night

b. The cartons had much weight of 25 pound of juice

Reason 2. Pay was very less/never

a. Extra working at night shift was unpaid

b. Had to work sixty hours for decent take-home pay

Reason 3. The working conditions were sub-standard

a. Two ten-minute breaks and an unpaid lunch

b. Temperature was not favorable for loading the trucks and survival of workers.

c. Loneliness on job

(D) No interests in common with other workers

(E) No interests in common with other workers
