

Paragraph : Lack of job opportunity ^{is} influencing economy.

Keep practicing to bring further maturity in your writing

The lack of job opportunities in Pakistan influence the economic condition more severely. The reason is that Pakistan has a very low funding rate for its citizens to provide jobs. Similarly, the youth are very skillful, hardworking, and disciplined but instead of getting job opportunities in the country, they are leaving the country for the opportunities and risking their lives. For example, according to Gallup Pakistan Survey, 94% of Pakistanis are willing to leave the country for a better future, and in 2023 the number was over 811,000, according to the Bureau of Immigration and Overseas ~~Emp~~ Employment. ^{Therefore} lastly, government should make great policies to provide jobs for the betterment of economic conditions.
