Poverty forms a high Civilization

People had assumed that poverty brings evil. While they can buy everything with money. Reality is quite different, Poors are more satisfie in life than the rich. Children of the rich are grown by servant. They do not know, what they are missing in life. Poor are united with their family. They are supportive of each other and spend quality time. Moreover, most of the successful people were born poor. Now a days it is an universal desire to abolish poverty, but not luxury. It is wishing honest hardworking and brave people Poverty is a seed in soil. which grows a high civilization.
