

Difference between Gender studies and women's studies. Discuss in detail the multidisciplinary nature of gender studies.

Introduction :

Gender studies and women studies are two substantial disciplines, accentuating numerous social and cultural barriers. However, both the discipline vary in their scope, focus and theoretical basis. Also, Gender studies is a broader discipline. Its numerous concepts are entrenched in other disciplines including criminology, sociology, political studies, cinematic studies and physics.

Give the main heading first and relate it to the qs statement

2. History of Gender and women studies.

2a. History of women studies.

women subordination has been a point of discussion since the beginning. After world war - I in 1920, women got the right to vote. After world war - II women related issues were discussed through different movements and books.

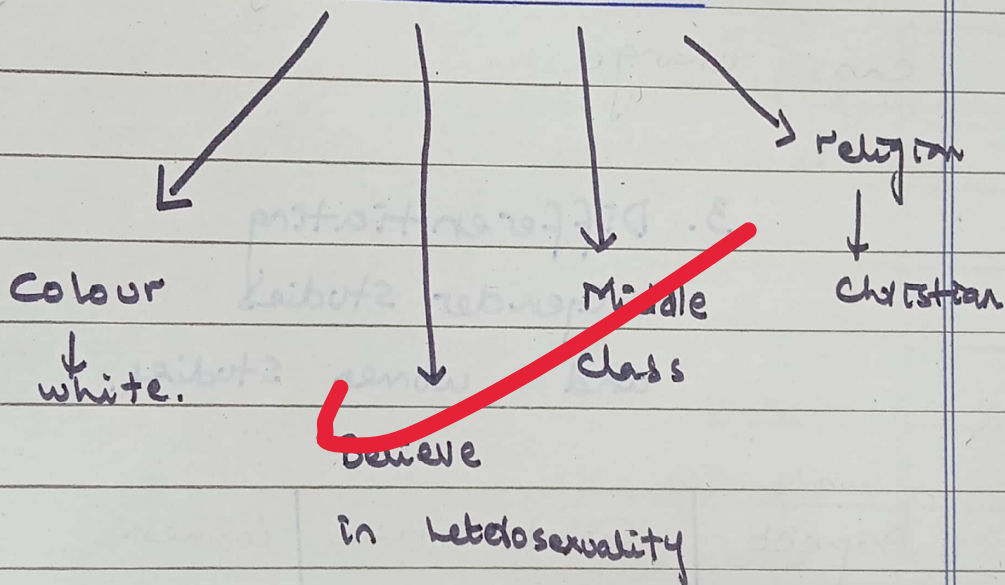

In book "The second sex", the author accentuates the otherization of women i.e. how they are marginalize in a patriarchal society.

After the 2nd wave of feminism, women studies was properly introduced as a subject. For instance. In the book,

Feminine mystique the author highlights the four characteristics

of women.

Feminine
 Mystique.

Based on integration debate

based on autonomy debate

Example

Support + general seats in politics.

Supports women

Also promote acts like

quota in politics

Transgender protection Act, 2018.

It promote the laws and Act protecting women.

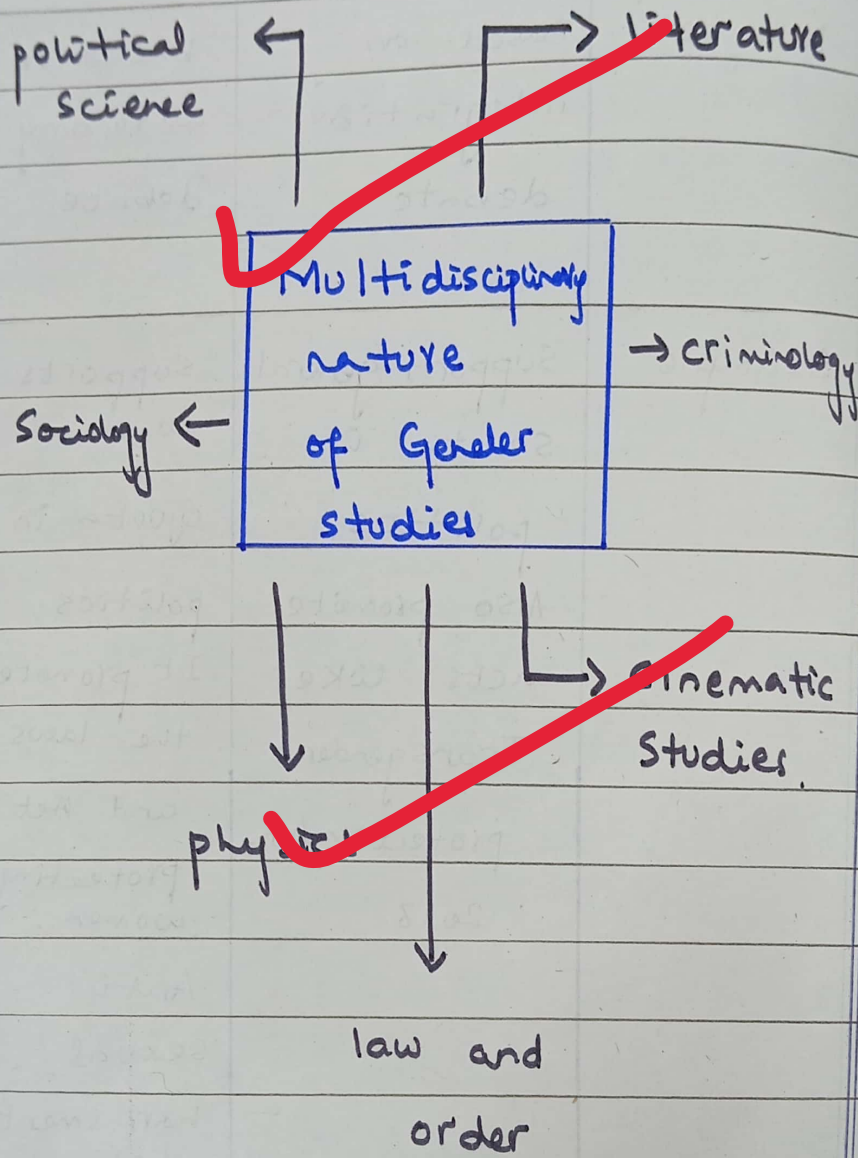

Anti

sexual

harassment Act

Add more points in differences . Also, attempt differences by giving headings and subheadings

4. Multidisciplinary Nature of Gender Studies.

2* 4a. Gender studies and literature.

literature has always highlighted various challenges

and problems of Gender. For example,

In the book "The Doll House" the author highlights how a wife was exploited by his husband who treated her as a doll.

4b. Political Science and Gender Studies.

In political science various aspects of Gender Studies are illuminated.

In the book "The Republic" Plato accentuated his views on Gender by quoting that 'women is the property of state.'

4c. Criminology and Gender Studies.

The theoretical perspective of Gender criminology are interrelated to the crimes

committed against women.

For instance.

The Sheldon theory divides the criminals into 3 categories, accentuating that the high level of testosterone and low level of hormones serotonin in individual is the major reason behind crimes such as rape attack.

4d. Cinematic studies and Gender studies.

Cinematic studies also depicts numerous aspects of gender studies.

"The movie 'Gangobai Kathiwadi' depicts how the patriarchal society directed the women to be a prostitute."

4e. Law and Gender studies.

Numerous law deals with the issues related to gender studies. **Anti sexual harassment act** and **Domestic violence Act** are the prominent examples of this.

4f. **Gender studies and sociology.**

The theoretical perspective of sociology for example, **the social learning theory** forms the basis of different challenges related such as **Gender based violence.**

4g. **Gender studies and Religion.**

Religion provides the rights and duties related to all genders. In the book, **Islam : a misunderstood religion** the author accentuates how commands of religion are manipulated in order to exploit women.

5 - Conclusion

In a nutshell, both gender and women studies differ from each other in their scope, focus and theoretical base. Also gender studies is a multidiscipline i.e overlapping with various other disciplines including literature, criminology, cinematic studies, political science and sociology.
