

Q

The process of globalization has connected nations worldwide and has made the world a global village. Yet it has also increased inequalities across nations. Discuss the gendered inequalities created and promoted by the process of globalization in contemporary societies worldwide?

Ans

The Globalization describes the eradication of economic differences between men and women and eliminates them. The increase in communication and increase in trades and transcription and

makes the world small and similar. Louise Berneri in her publication *Enemies Globalization and Violence on Women*

I do not want to power over men. but I want over themselves

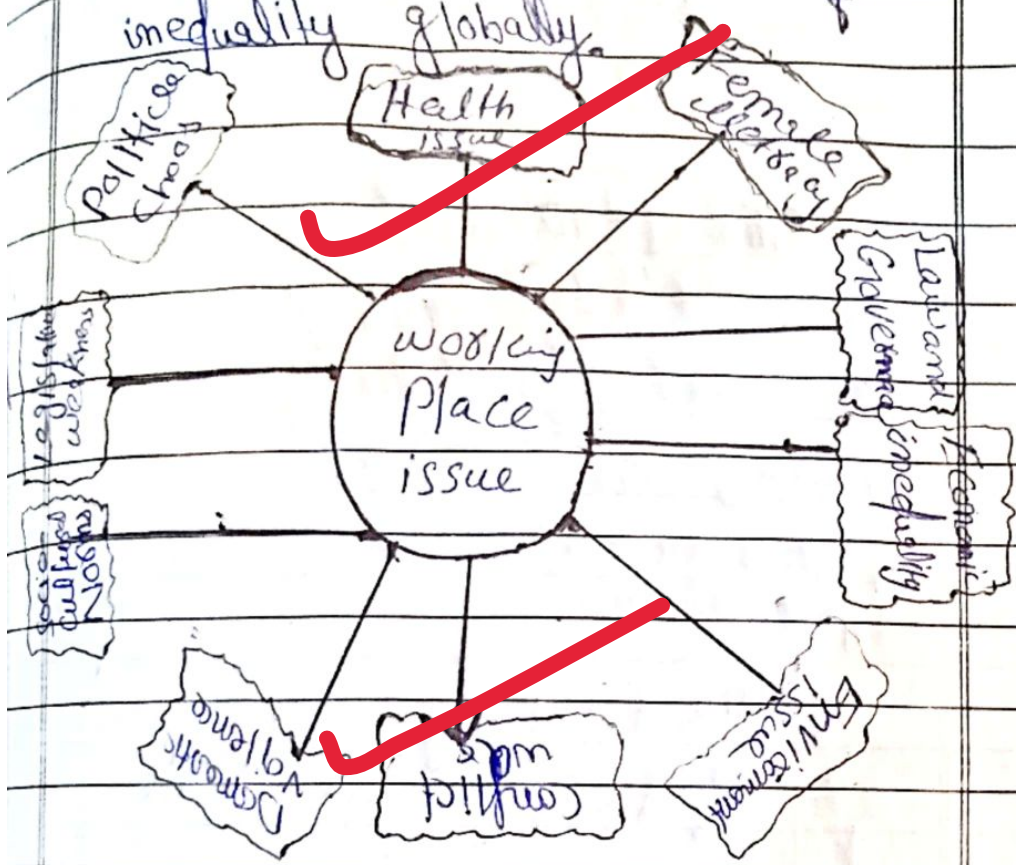

(Mary Wollstonecraft)

### 1. Introduction of globalization

The globalization provides many opportunities to balance the inequality in world. But still there are numbers of issue faced by women. United nation builds many policies to overcome these. There are numbers of inequality around the world which makes the women inferior. The industrial transaction provides men power to makes policies on accordance to their interest.

2- inequality increase around the world due to Globalization

These are enormous of issue that are reason of inequality globally.

2.1 Globalization inequalities

Political Chaos

The UN and human right organization work all to eliminate the inequalities. But

due to traditional society it is present most of the societies. man are more superior in politics in Asia women have 11% representation.

## 2.2 Law and Governance inequality makes situation more worse

The law and governance are held by man. Women are not added in decision-making and social-economic policies. in indonesia 25% chance are given them.

The Aung San Suu Kyi President of Burma asked all the policies are discriminated with one another because the dominance of militant in man. (Burma president).

## 2.3 Weak legislative and inequality

There are enforcements of legislative to make equality. But due to traditional norms women consider inferior to man. The policies are not implemented properly to control these norms.

There are only 38% women work in executive and presidency, while remaining are male dominance.

## 2.4. Social-Cultural Norms

Use elaborate and relevant headings

Social-cultural taboos are controlled by different legislative. But they still persist and put impact globally, which makes situation worse.

### Example

Dowry is a cultural norm which is received from girl's family. It is a patriarchal

Cultural which needed to change makes NGO work on it. But it is not eliminate. it is common in sub-continent countries.

## 2.5. Health issue put impact Globally.

Every Four women on ten faces health issue. They do not have provision of health facilities and lack of resources which is cause physical and physiological issue. Iodine and Anemia are more common. lack of staff and Budget. They suffer HIV, Hepatitis. According Mexlam. Goldman; Women and Health

The Every 1 women out of Five is anemic in Asia.

(World Anemia report)

## 2.6 Women ill today

many efforts made to make

women empowers But instead of these literacy rate of women are not improved. it is about 47% globally. which makes low wages and technical advancement issue.

“About 56% of women living poverty as compared to men”  
(U.N)

## 2-7 workplace issues

Globalization open the door of trade and give equal facilities both man and female. But male dominance is more in working. which increase the case of harassment in working area. Cathesian A. Mankinnon in her publication Gender, Globalization, and Harassment issue. A Case of Harassment in work place”

relate your headings and arguments  
with the qs statement

## 2.8. Domestic Violence and Dowry

Domestic violence is most common cause. that increase Physiological issues, mental stress and other health complications that are impact on society. For Example: Dowry issue are life threaten. many women die because they are unable to pay.

## 2.9. Conflict and war.

The Globalization interlinked the world. There is no world in glob that are not facing conflict and war. The globalization give chance of progress collectively. But also increase the risk of conflict and war. it instigates people toward war.

## 2.10 Environment issues

women do not work in executives and parliament it makes them inferior. They have various opportunities. But due to not implementation of policies makes difficult to get their rights.

Add more arguments

### Conclusion

women work in agriculture department or domestic which are subsidiary field, and they have less representative in parliament. Leudous Bennisia; Crender, violence and Globalization. Man have authority do anything with their will. many initiatives take but they are unable to gives them equal opportunities in society.
