Conclusion:

Summarize every point

Essay

God has not altered the
fate of that nation to this day,
Nor of those who never ponder
their own transformation."

In history, there are lots of countries or nations who went through starvation, economic losses but they have faith and determination on their own selves. They face their failures and try hard with unity and now they are 1st world countries such as China, Japan and Germany. Pakistan is also facing challenges such as corruption, fake news and economic losses, they all are playing key role in Pakistan progress. The Pathways of Pakistan progress is promoting women empowerment, flawless taxation system, updating outdated curriculum, giving equal rights to minorities, building good infrastructure of education system, by saying no to corruption, ban on immoral content, building healthcare centre, promoting free lancing, spreading knowledge of IT and AI, giving justice as early as possible. By following these pathways, we can lead Pakistan to Developed Country. These Pathways are responsibility of each individual.

^{Essay} Story of Today

Introduction:

History

Background

Thesis : In ~~the end~~ ^{Today}, I learn ~~to~~ how to live alone and fly alone. It's not my first fly but it is better and confident than pervious one.

Day in University

- a) I complained against my Cr
- b) I also cry alot in front of my teachers.
- c) Whole day attend classes without my Snake friends
- d) Supported by my father
- e) Learn how to live alone.

Conclusion:

Summarization

Essay

“Day by Day and Age by Age
we are leveling up and our
battles are also.”

My life is always challenging from my childhood to my present day. I'm 20 year's old and these 20 years gives me alot of lessons. Universe always remove my favourite things or person. In fact universe didn't gives me which thing or person i want, he always gives me a lesson. From my

childhood to the present day besides other family problem, i also face insecurities, backstabbing, betrayed and by facing all of that I'm become a straightforward or rude. I don't have any friends, even from previous months i started hating the concept of friends. Because ~~they~~ at the end they feel me left alone, so now today i attend all my lectures alone and i also start walking solo.

And my class CR who always bullying me i face him alone with the confident ^{that} my father gives me by trusting on me and encourage me.

From the childhood to the present day, i fought a lots of battles and trying to fly but ~~now~~ today when i ~~remove~~ ^{face} ~~the~~ my fear of ~~loneliness~~ ~~i left alone~~ being alone, I ~~stop~~ didn't feel left alone but instead i'm feeling like a wolf and lion which is one of the best fly i consider in my life.
