

Pakistan Super League (PSL)

Pakistan Super League is a national cricket league which is globally recognized for its high standard of cricket. Cricketers from across the globe come to play in this prestigious cricket league. This league was introduced in 2016.

The main purpose of the PSL was to bring back international cricket to Pakistan. This league has succeeded in achieving this objective. There were many secondary objectives of this league as well; to find talented cricketers and to introduce Pakistan's own cricket league.

PSL has many positive impacts on Pakistan's cricket like it brought international cricket back to Pakistan and gave many talented cricketers to Pakistan's teams. It has also succeeded in making PSL internationally recognized high quality cricket league.

Date: _____

Day: **M T W T F S**

Where PSL has many positive impacts on Pakistan's cricket, it also has negative effects on Pakistan's cricket. The international cricket performance of Pakistan's national team has been not good for few years. This is due to the leagues that now cricketers priority is money and they have started focusing on leagues rather than on their international cricket. Due to league cricket their international cricket is compromised. This was the reason that Pakistan's national team performed very badly in champion trophy 2025. The 10th edition of the Pakistan Super league has been started since 11 April, 2025. There are 6 teams in this tournament, and 34 matches will be played ~~there~~ among these teams in different stadiums of Pakistan. The opening ceremony was held in Rawalpindi cricket stadium and first match played between Islamabad United and Lahore Qalandars.
