

Of indian

After the reaction given by India, it has become nearly impossible to reduce tensions among Pakistan & India, as Pakistan is already showing a strong response.

Trump's statement of letting these neighbouring countries solve the issue on their own is a huge mistake. Only International pressure and mediation can help de-escalate the worsening sentiments which might lead to battle or full-fledged war.

India's recent accusation against its neighbouring Pakistan, has been a big diplomatic failure. Although, many countries including US, and Russia has condemned the attack, but Delhi hasn't recieved validation sought to counter Pakistan.
