## An Effective Way of Treating Children

Educationalists, <sup>1</sup> according to the writer, <sup>2</sup>  
 argues not to meddle with the students  
 and let them to enjoy their company. <sup>3</sup>  
 When children are loved as a man loves  
 pets, they will ~~be~~ respond with their  
 every decision. If children are loved  
 in specific social behavior and expectation  
 in future, they will not be grateful for  
 him. They desire unconditional love  
 and ambition by others without  
 disturbing their mental health. But,  
 It is difficult for over-worked  
 teachers to maintain a humble love  
 with children. The interaction between  
 teacher and children should not be  
 more than two hours daily. The  
 teacher cannot make a healthy  
 bond with students without the enfor-

✓  
cement of strict rules. Self-controlled  
behaviour is not enough to enhance the  
friendliness, it ✓ can be done through  
the pre-emptive rules. Treating children  
with rules always proved ineffective  
and not to substitute love.
