

Q_{NO.1} Write a precis of 100 words & suggest a suitable title.

Day: _____

Date: _____

Trip to Cherokee

An author visited to place, Qualla Boundary of Cherokee. The town was surrounded by attractive mountains. Qualla Boundary reflects the picture of Cherokee past to the tourist. Although, they had language barrier but they maintained their talk with local people. There, they meet a person, George, who was fluent in English. They come to know from George that the people of Cherokee not only survive on trade but they also adopt other sources of income and the most common is Bingo Weekend which is great source of attraction of people. The last destination of an author was town museum which depicts cosmology of Cherokee. When authored returned to home, he missed the place.

Laziness and Wastage of Time

Words of
Precise = 165

Day: _____

Date: _____

1 The world, All the people accept, is in danger. But no one ever think that it is laziness that fetched the world into such a pass. There is not deficiency of any blessing but it is just laziness. Although, still the world is capable of anything but it needs sound thought. There is sufficient energy in the world but it is misdirected. All the time, a person must be busy in any activity. There should not be wastage of time. Although, there are some people who are busy all the time but they do not know what to do and when to do. Even in today world if 50% of European politician realize the idea that sluggishness is a crime, and go away; it will be very fruitful. Every now and then certain religious sects kept conferences but they waste time on condemning the length of women clothes and the noisiness of their dance band.
