Indent the paragraph.

### Causes of Unhappiness

There are various psychological reasons behind unhappiness. <sup>G</sup> generally, people who lack happiness in earliest life give more importance to satisfaction. However, highly frustrated individuals <sup>do not</sup> strive for satisfaction and ~~we~~ adopt intoxicated <sup>behaviours</sup> to make life less alive. Certain self-obsessed individuals <sup>Repetition</sup> adopt wrong behaviours to achieve happiness. But men who turned to intoxicated behaviours, have lost <sup>all</sup> hopes for happiness. They accept and feel proud <sup>of</sup> over this fact. So, it is crucial to pursue them towards happiness.
