

## Precis 2024

In ~~amidst~~ cities, green places provide space to respite. They decorate the city and balance the <sup>environment</sup> environment. People gather <sup>there</sup> here for relaxation and perform events to strengthen community bonds. The parks minimize urban heat, provide quality air and peace. But, the <sup>challenge</sup> challenge is to balance the rapid development and nature's preservation. A <sup>proper what?</sup> proper is necessary for developing parks, treelined avenues and green tops. Thus, the aim is to cultivate these bustling cities and maintain a harmonious <sup>coexistence</sup> coexistence between human and nature.
