   a. Hook
   b. Building sentences / background
   c. <u>Thesis statement</u>:

   The prosperity journey begins with empowering approximately half population of Pakistan i.e. women; it includes women empowerment programs, safety at work places, enforcement of Shariah based women rights and awareness sessions. Reforms in education can also contribute to prosperity; examples include emphasis on developing business mindsets, skill development programs, uniformity of education systems, teacher's trainings and increase in investment in human capital. Another important pathway is promoting businesses through policy reforms, regional trade increase measures, strengthening of startups and home based businesses. One important pathway. to prosperity is selection of right people for the right job. by giving equal opportunities to all, based on merit and skills, to appoint domain experts on all important positions.
