2.2 Allocating Budget to improve
Body para is fine infrastructure:

Avoid 1st person pronoun

To is followed by 1st form of verb

In order to ameliorate the infrastructure,

we must built the purpose built

campuses. This would be possible

with a centralized budget allocation

scheme. In this case, HEC must

give universities autonomy with

accountability to along with setting

KPIs (key performance indicators)

in order to keep a check on them.

and then granting them

accordingly. Next, there is a need

to expand libraries to digital

setup with an ease access to

international journals and databases.

Likewise, to improve the devastating

condition of labs and research

facilities, a budget must be

allocated or dedicated grants must

be provided. Such as University of

has upgraded labs (civil engineering)

under HEC PSDP projects. But

only a small number of universities

came up with these remarkable

benefits because of the unequal

and unwise distribution and allocation

of budget. Moreover, the major

issue to be addressed is the

hygiene issues. As it is said that

a healthy body contains a healthy

mind. A solution to this is

if universities of Pakistan allocate

a separate hygiene and

sanitation budget and HEC sets

hygiene compliance indicators in

order to monitor them. Just like

NUST Islamabad allocates a

safety and hygiene fund, ensuring

Cleanliness on daily basis. This step

should be enforced in each single

university to promote a healthy

education system.
