5- Denuement

Essay

John F. Kennedy noted, "the ignorance of one voter in democracy impairs the security of all". Democracy has its roots back to in Greek society, the city-states in Athens in 5th century BCE. Democracy has emerged in different shapes in different eras. In ancient times, Socrates, Plato and Aristotle moulded the philosophy of democracy according to their experiences. It

has been evolved with time and present day democracy is mostly based on philosophies of Locke, Rousseau, and Montesque. According

Be very careful about the use of words

to a report of EU countries are among top seven democratic countries. Haplessly, Pakistan has

never been a purely democratic country. Elections can not be the reflection

of democracy. The early demise of Quaid-e-azam and assassination of Liaquat

Ali Khan eroded the basis of a newly established state. The

struggle of three constitutions and constant tussel between civil and military leaders contributed in crisis

of Pakistan. However, even after 79 years of Independence, Pakistan

is not truly a democratic country.

Pakistan has bestowed with natural resources and strategic location, even

then she has been exploited for these. The causes of backsliding

are evident because education is

Common and media is a source of information. Meanwhile, Youth is suffering the consequences as well and it is never too late to start progress. Henceforth, the absence of genuine leadership, controlled election and controlled democracy resulted in social unrest and political propagandas. So, by implementing strict check and balance and transparency of elections along with freedom of media, Pakistan can heal her democratic backsliding.
