

Water crisis and

Outline: National unity

Introduction:

Properly understand the topic
of yeh essay

Water crisis is a prominent
issue in Pakistan. If not dealt with timely, it
can be a threat to national unity. As water
crisis leads to unequal distribution of water
among provinces.

~~Draw the link between water
crises and national unity~~

→ Water crisis can lead to political polarization
among parties. As party from different province
will lead the cause of their provinces.

KPK and Punjab disagreement over water day.

→ Water crisis would lead to decline of industries.

→ Adversely impact on health of people.

→ AI is also an emerging contributor to water
crisis. Data centres require immense water
for cooling.

→ Water shortage would lead to agricultural
decline

→ It can lead to legal battles among provinces
