

Is Highly Competitive Environment Good Or Bad?

Outline

1-Introduction

1.1- Hook

1.2- General Discussion

1.3- Thesis: Highly competitive environment is bad.

2-Why Highly Competitive Environment Is Bad?

2.1- Brain Drain (due to high competition educated youth leaves developing countries every year)

2.2- Disparity In The Society (Poor cannot education in Pakistan due to high dues of schools because they have competition with each other.)

2.3- Shortcuts In The Society (people travel via sea routes due to lack of documents and want to go to abroad shortly)

2.4- Obscenity (Tiktokers show off their bodies only for fame)

2.5- Illegal Means Of Business (online frauds)

2:6- Trade Wars (US and china trade wars)

2:7- Wish To Rule Over the Region (Pakistan and India in south Asia)

2:8- Suppression Of Neighbours (Russia wants to suppress Ukraine)

2:9- Technological Dominance (China launches applications like tiktok to earn from the world)

2:10- Public Distrust (due to high competition unemployed lose faith in governments)

2:11- Human Loss (In Faisalabad a member of manji family was killed by opposers during election campaign)

2:12- Mental Crisis (Long working hours in companies lead to mental crisis)

2.13 Loss of Calmness (In examination hall due to competition students get Panic and do not perform well).

2.14 Wrong Decisions (In cricket matches due to high competition, team management often makes wrong decision by sending players to bat at first rather ~~than~~ real openers)

3- Conclusion
