

"Unhappiness psychologically driven"

There are many ~~causes~~ psychological causes of unhappiness having something common in them. A man who did not get minor satisfaction in youth, will value any normal satisfaction more than any other thing. That unhappy man always focuses on achievements ignores the activities connected with it. People take wrong way to achieve happiness. The narcissist and the megalomaniac believe, that happiness is possible if get from right way. But a man seeks intoxication has given up hope except oblivion. They feel pride in their unhappiness. Today's man is like as in history, who believe that there is nothing left to live-for. These people are genuinely unhappy. These hopeless people think that man who enjoys being miserable is not miserable.
