

## Understanding <sup>(05)</sup> the Power and Accountability

Both power and Accountability are interrelated with one and another just like two magnets. One is nothing without another. Power is the authority where as Accountability is the system that ensures that power is implemented. Both are influenced by each other. Instability refers to the weak

situation of the Governance due to weak power without Accountability. ~~plz work on your grammar and need to maintain natural flow of ideas here~~

Pakistan is also unstable without Accountability and weak power. In all aspects the country's economic stability is also unstable due to instability in Governance which affects the GDP of a country. The GDP of Pakistan is \$ 3.72 billion dollar as compare to Bangladesh the country separated from Pakistan in 1971 with GDP \$ 483 billion dollar. In

~~Instability due to weak power and lack of Accountability is destroyed the overall Governance of the country.~~

According to the 8 principles of Good Governance Accountability-
