

WILDLIFE HAS LOST
THE LIFE PART

1) INTRODUCTION:-

THESES STATEMENT:- It is
evident that wildlife has
lost its life part.

2 Why Wild - Life Has
lost Its Life part.

2.1 Massive deforestation. reducing
natural habitats

2.2 Unplanned Urbanization. consuming wildlife
spaces.

2.3 Rapid Industrialization. polluting and
degrading ecosystem

2.4 No strict laws implementation. to

protect wildlife.

2.5 Ocean acidification: a serious threat to marine species

2.6 Illegal hunting of wildlife.

2.7 Installation of electric grid stations in forests.

2.8 Encroachment on green spaces.

2.9 Glaciers melting.

3 SOLUTIONS:-

3.1 Rejuvenation will lead to restoration of habitats.

3.2 Planned Urbanization will protect wildlife areas.

3.3 Strict enforcement of laws

to ~~protect~~ ✓ wild life

well organized and quite relevant

3.4 Installation of electric
~~grid stations away~~
~~from wildlife habitats.~~

4 CONCLUSION :-
