NOA MOCK-5 PRECIS

The author mentions peace due to contemporary dynamics of nuclear warfare. Total war does not make sense to him due to its magnitude of destruction potential. The present massive spending on expansion of arms to create deterrence is an unproductive idea of peace. Peace is dependent on the rational approach of hostile nations and their leaders.

Controversy sparked at a book fair in Lahore recently. Food Stalls remained centre of focus at an event that was dedicated to literary activities. Various participants expressed disappointment because the pivot purpose lost soul. The event transformed into a food festival where people were gauged into cuisines rather than authors or literary talks. Debate erupted that the event focused on trade benefits rather than promoting quench for reading and books.
