Teaching with love care

Focus on enjoying children's company, not just not interfering. If you genuinely like kids they'll listen and follow rules, maybe with some complaining. Don't see kids as ~~a~~ tools for social gain or power. They will not appreciate your interest if it's for personal gain or sacrificing them. Teacher can not always naturally like kids, they get tired and irritated. Believe in teaching theories, but spend limited hours with kids and have time away. Enjoying their company is a key, kids will listen and follow.
