

Monto: The Realist Writer

Monto was the victim of social hypocrisy. He remained confident and not get effected by criticism and legal battles which he fought for proving morality of his writings. He explored different aspects of life etc. He also wrote on sex but also explained difficult life of common people. He considered that humans are not perfect and they are hypocrites in nature. He explored difference between appearance and reality in his writings and he treated vulgarity differently and he got success by his enthusiastic nature.

words in passage: 260

words in precis: 83

2. assessment needed: • Idea sensed or not

• All idea covered or not

• Grammar issues **No**

• Vocabulary issues **No**

• Structure issues **fine**

• logical flow **fine**

over all average dont explain be precis and to the poin t
need improvement in basic expression
