Significance of Gift of Knowledge

A gift of knowledge is better than a gift of material as it provides intellectual aid which is more effective.

The reason is that material gift's receiver put no effort; but, receiver of knowledge's gift puts genuine efforts to make it more useful.

Also, it leads people towards development by making them financially independent.

This approach of providing human beings a sustainable development becomes more efficient. Because, the cost of material gift is for one. While, the cost of knowledge gift is beneficial for many people. So, this mentality speeds up the whole process of development for human beings.
