Introduction

Thesis statement:

One can not bring Democracy by force: everything which is bring by force is temporary. Democracy is basic need for well stable and powerful country. There are hundreds of factor to bring vesting democracy. The same way many causes of unvest of democracy. However these unvest causes has very bad consequences on ideal democratic nation. While these unvest factors bring unvest in Democracy.

The stable nation are those who's national invest is more then individual invest. The sign of best democracy is political stability. But if there is no political ideal compromise relation, which leads to political instability. The leading politician start taking revenge while opposition leaders resisting in stability projects. The political power is main issue which bring gap between politician. So the result is political instability.

Youth are pillar of the nations.
While country who has high percentage
of youth lead country strong in all
aspects. The a good democracy depend
on youth and economy. The reason
of jobless youth is unvest in
democracy. Nations are dependent
on youth education, youth job bring
best economy. But instead of
jobless youth brings more hurdle
for poor economy: Leading to the
cause of unvest in Democracy.
