Indent the paragraph.

Precis : 2024 past paper

Urban green spaces provides a peaceful haven away from the bustling city. These ^{parks} ~~park~~ balance development with ^{environmental} ~~environmental~~ protection by supporting a variety of fauna while also offering to host the wildlife. By providing space for get-togethers, cultural events, and leisure pursuits, such places ^S ~~Strengthen~~ ^C ~~Community~~ bonds. Additionally, they ^{enhance} ~~enhance~~ mental health, lessen urban heat, and improve air quality. However, maintaining these spaces amidst urbanization calls for coordinated action and sustainable planning. Building cities where human life and nature can coexist is the way forward for the green urban future.

Idea is ok. Sentence structure is also ok.

Mistakes identified.

Title needs improvement

Title : Human life and Nature
