

Challenges and opportunities in mainstreaming Madrasa education in Pakistan.

Plz substantiate your introduction

I Introduction

II Opportunities in mainstreaming Madrasa education in Pakistan

1. Improved quality of Madrasa's education
2. Reducing social disparities
keeping check on Madrasa
teaching radical ideologies
3. Benefitting the state's economy
by conducting training and
skill focused learning
5. Addressing the concerns of
Financial Education Task force

III Challenges that lie in path of mainstreaming the education of Islamic seminaries.

1. Resistance to religious groups

2. Reluctance from several Madrasas to be regulated under ministry of Education

3. Lack of political will

4. Pressure from public supporting religious class unconditionally

5. Inadequate infrastructure for monitoring and enforcement of Madrasa registration bill

IV way forward to resolve the issue

1. Holding negotiations with religious communities

Spreading awareness among people regarding benefits of mainstreaming education of Religious seminaries

V Conclusion

For three hours it seems insufficient
