WORKPLACE HARASSMENT

Day: _____

This paragraph is all about recent Supreme Court case about ^{work place} harassment ~~case~~. In which court had taken decision against the accused, who was a driver and involved in ~~in~~ thoroughly in misconduct.

The court has ordered compulsory retirement of him. Despite all rights in protection of women in harassment cases in act 2010, under amendments 2022, its implementation is still weak.

The investigation right is still in the hand of the organization where harassment takes place. According to this act the committee should comprise of one female member, one member from senior management and one should be from senior representative of employees but there will be no ~~collective~~ collective bargaining agent. The nature of harassment cases is different and sensitive from other cases. Despite the differences in their nature, the accused & applicant are required to record their statement before committee and will be cross examined. In other cases the accused should nominate for help anyone within organization but in harassment the accused has the right to take his close friend, colleague or collective bargaining agent.

A woman in ~~our~~ this society feared to disclose such matter with her friend or family how could she answer such committee when all members are male and the accused and his friends are all present. For justice and prestige of a woman it is necessary to keep applicant and accused away from each other. Accused should read & re-read statement of applicant and can answer in written form. The applicant should be questioned by the female member of the committee and accused by male member of the committee.

Practice Paragraph "Education"

Education is a key step toward prosperity. ~~Education~~ Every country or state prosperity is directly linked with education. If youth become literate every bad practice from the society will be wiped out. Education plays a crucial role in changing the mindset of the society. For example, if a person in a village is literate he will definitely know the benefits of education and therefore he will must send their children to school. In this way the overall society mindset will be changed gradually. If there is literacy there will be no poverty. If a person is literate he will definitely get a job and will support their families. Education can also help in changing human behavior, because a literate person will behave more decently as compared to illiterate. History shows ~~that~~ in any country, if there is mass schooling there will be prosperity and more relaxed and satisfied nation. Education plays a major role in state economy. For example, for Great Britain rise from 30 billion economy in 1950 to 600 billion by 1990 because of education. ~~So education act as a~~ ~~for~~ ~~is a~~ ~~factor~~ ~~in~~ ~~prosperity~~ ~~prosperity~~ An educated population acts more innovative and productive as compared to uneducated. Education acts as a fuel in society prosperity & happiness. Therefore investing in education will help in brighter future.
