is no more the name of woman

3) Participation of women in

Thesis Statement

There are a number of arguments which prove that frailty is no more the name of woman.

Introduction

According to World Bank, $1/3$ % business companies are running by women and they are playing a major role in economic growth of the country. Their services in other fields are also commendable. However, it would not be wrong to say that frillity is no more the name of women because they are working side by side of men such as they are. ~~have~~ participating in politics for implementation of democracy in true manner. Moreover, they are also serving in education sector as a mother and a teacher. Furthermore, they are also participating in social welfare works and trying to make a good society. In addition, to,

Services of women in the field of technology are also comendable and remarkable. Woman are also working in agriculture sector as men, for the prosperity of the Country. Hence, there is no doubt that frailty is no more the name of woman and there are a number of argumenent to prove it.

2.1 The participation of women in politics proves that frailty is no more the name of women. This sitution shows that woman are strong and can play an important role in decision making as men. They can lead a country independently in a good maner. Benazir Bhutto was the first Prime minister in the muslim world. She Prove it that woman are not weak in the modren world.

2.2 Moreover, the Services of women in education as mother and as a teacher are also ~~an~~ ~~eri~~ support this thing that women are not weak in the modern world. ~~There~~ The service in education are remarkable because without education nation cannot progress. Malala yousof zai won the nobel Prize in 2014 at the age of 17 year, She fought for girls education. Therefore, there is no doubt that women are not weaken in education sector.

2.3 Furthermore, the work of woman in social welfare is also proves that woman are brave as men. The social welfare work of women is playing a major role to make an Ideal society and the Ideal society

helps to progress of the Country. Asma Jhangir fought for the rights of women and minorities, bonded Laborers and victims of the State. The ~~women~~ women are also contribute in social welfare as men.

2.4 in addition, the services of women in the field of technology are also prove that the today's women are not weaken as compare to past. Technological services of women contributes towards the prosperity of the Country. In the modern era, Technology is the back bone of the Country. Without ~~tech~~ technology no nation cannot survive in the world. According to United Nations, women 28% of the global technology

workforce and their innovations continue to shape the future of technology. So, the contribution of women in technology is just not remarkable, it is revolutionary.

2.5 Besides the above, women are also working in the field of agriculture to protect ~~prove~~ this thing that frailty is no more the name of woman. The work of women ~~are~~ in agriculture, live stock, seeds saving and food processing also involve. According to Pakistan Bureau of statistics, 72% woman are engaged in agriculture related activities and they work side by side of the men. Thus, women also proved that they are not weak in agriculture, live stock and food processing sector because they are working ~~with~~ e with men equally.

(2.6) Not only that, but the Services of Women in judiciary system have also involve to protect the point that woman are brave and strong as men.

The judiciary system is also an independent institute in the Country for provision of justice to the people.

However Women also ~~serve~~ serve in this system and act as brave in their decision making against the powerful

people to provide the right of the Victim. Justice Aysha Malik ~~been~~ was the first female ~~justice~~ judge of Supreme Court of Pakistan in January-2022.

Women are also serve in other Courts such as High Courts, ~~se~~ Session Courts and Family Courts. In short woman also prove in judiciary system that they are brave like men.

2.7 also women are playing their role in economical growth of the Country. They are working in public and private departments institutions and industrial areas.

In this regard, the Services of women in economic field are important to the growth of the Country. and without economic stability no nation can survive in the modern ~~era~~ era. In

2025, 25% women are working in different field of Pakistan.

However, women also prove that they are not weaker currently as past.

(2.8) Women also playing a significant role in policy making. They are making sustainable policy decision ~~as~~ side by side men. Sustainable policy is very necessary to run the day by day activities of the department. In 2012,

United Nations and Inter-parliamentary Union report found that when women hold at least 30% of parliamentary seats, it leads to greater ~~prioritizing~~ prioritization of health, education, child care and social welfare in national policy.

2.9 The women have also playing a significant role in war as men. They ~~are~~ serve in Pakistan army as well as other nation. They fought the war in different ~~matter~~ ways such as technology flying officer and so many more. Shahida malik was the first woman to reach the rank of major General in Pakistan army. Women serve in medical, Engineering Units and peacekeeping missions.

another field in which women also serve as men is diplomacy of the at internal level for

better Image of the Country.
The women diplomats playing
a major role in peace negotiation
Conflict resolution and international
~~Conflicts~~ Cooperation. Their ability
to lead global diplomacy as
effective as man. Maleeha
Lodhi served as Pakistan
Ambassador to the United
Nations, USA and UK and
prove that frailty is no
more the name of woman.

2.11 The women have also played
their role in journalism side by
side women. They are trying
to promote peace, justice and
maintain Law in the Country. They
exposed many cases of corruption
and negligence of politicians.
Asma Shirazi was the first
woman to report from Kargil
war front. They prove that
women are brave as men.

To Sum up, the women of the modern era are not weaken and They prove it through ~~in practice~~ ~~ma~~ Their participation in agriculture, judicial system and economic ~~ensure~~ side by side of men. They are also contributes their services to make policies in education and health sector as well as. They are also serving in war. moreover, their role in diplomacy is also commendable because they are serving better than men as diplomats at international level. To maintain the women as brave as men, Government may provide opportunities ~~in~~ for education, ~~politicks~~ politics and social welfare works. ~~They~~ to improve their skill in every sector.
