Ethics: The Crucial Part of Human Intelligence

Today's man might protect us by using empathy. This kindness can develop through human intelligence training. Intelligence is an agent for ethical development and human survival. The task

for educational institutions ^{is} ~~are~~ ²⁰ ~~that~~ to hire morally trained

mentors. The social morality ^{belonged} belongs

to religious places ^{in past} before but due to their greed, ^{this} ~~made~~ ^{has}

irrelevant. A successful man have

no time for morality. He relates

power with morality so it increases

destruction. Therefore, the educational

institution should ^{make} ~~have made~~ ethics part

of human intelligence. In training,

it must ensure that love, kind, respect are required for kindness.
