The Essay:-

A nation that cannot retain its best mind is a nation that limit its own future. Brain Drain refers to the emigration of skilled and educated person from their home country to foreign land in search of better job opportunities. Unfortunately, Pakistan is also facing this problem. In 2022 Approximately 765,000 Pakistanis left the country for job opportunity (Bureau Emigration), which is huge loss of skilled person including doctors, engineers, scientist & IT specialist. Brain drain occurred due to many multiple causes i.e. job insecurity, lack of job opportunities, Political instability, Research limitations, which are having reaching consequences for national development. which can only be solved by/through Targeted reforms & incentives.
