#### The essay

The one who owns the information own the future (Yael Nao Horani)  
Media has ability to paint blacks as white and white as blacks. It has power to influence the opinion of masses.  
During Israeli Palestine conflict media played central role in opinion formation and narrative building. The self proclaimed democratic and liberal western media legitimized the Israeli genocidal campaign against Palestinian through its false and biased narrative while the social media and new channels like Al-Jazeera exposed the Israeli warcrime and genocide to world. The unbiased reporting of social media

and Al-Jazeera spread the conscience  
of the masses and it reshaped  
the global sentiment against  
Israel.
