

# Hamas-Israel conflict: A test case for World Conscience

## Outline

### Introduction:

Hamas-Israel conflict is a test case for world conscience;

- i) Failure of international institutions in resolving conflict;
- ii) Genocide conducted in Gaza;
- iii) Massive human rights violations;
- iv) Hypocritical approach of major powers towards conflict;
- v) Widespread refugee crisis;
- vi) Prioritization of national interests over humanitarian sufferings;
- vii) Global silence on the conflict;
- viii) violation of international law;
- ix) Indiscriminate killing through AI-generated weapons;
- x) violation of territorial sovereignty of Palestine;

How it is linked with world conscience

Use of word 'hypocritical' or 'biased approach' or prevalence of national interests over morality;

- xi) Blockade of humanitarian aid to Gaza;
- xii) Repeated failures of diplomatic efforts in resolving the conflict;
- xiii) Regional instability and sufferings;
- xiv) Cultural heritage destruction;
- xv) Media's censorship raising concerns about freedom of speech;

## Conclusion:

### Comments

- 1- link with the main topic is missing
- 2- don't give only statements but convert them into arguments
- 3- your arguments are linked with each other merge them to make them more comprehensive
