Introduction:

"The measure of a country's greatness is its ability to retain compassion in times of crisis."
 ~ Thurgood Marshall

Pakistan is a country rich in resources. However, there is a need to search these resources, refine them and utilize in everyday life. Unfortunately,

Date: _____

due to many factors like political instability and lack of good governance, Pakistan is not able to make full use of its resources. There is a serious need to address social, economical and environmental issues of Pakistan, to make it a prosperous nation. Corruption is one of the core issue which is rotting Pakistan's system.

Pathway to Pakistan's prosperity lies in well-rounded or balanced strategy encompassing good governance, education development, agricultural development, climate stability, industrial development, energy solution, inclusive growth and diplomatic relations. By addressing these core areas with dedication and foresight, Pakistan can secure a future of prosperity, growth, economic stability and global competitiveness.

Comments

- 1- link with the main topic is missing
- 2 integrate your hook directly into. Essay
- 3 rather than explaining subheadings go for evidences to prove your arguments
- Political stability and good governance are two different things mention them separately
- 4 mention one idea in one para...
- 5 make comprehensive outline
