

★ Consequences of Internet, Social Media

Date: ___/___/20 ★ Accessive use of Internet

We live in a times of instant humiliation. Accessive use of internet and electronic devices have made a toxic nature of people. Now, we all are not safe from each other's hate.

In Kasur, a city in Lahore, 65 men and women ~~were~~ arrested by police. They were making up an illegal dance party. One Pakistani lady influences was also a part of party, her videos went viral. Now she has to face a lifelong shame. Six police officers ~~also~~ have been suspended due to involve in party. People are harassing on internet and on different platform of Social-media. According to the article 14 of the Constitution of Pakistan, an individual's dignity is inviolable. There is not strong Cybersecurity in Country specially in Punjab. Online harassment has only rampant in Punjab, so the administration of the Punjab need to must take an action about this unsecure environment. They should make Cyber-Security team and Squad who can control or resist online offenders.
