

DAY: _____

DATE: _____

Title: Accomplishment of objectives by organization.

Accomplishment of objectives by organization depend on the satisfied demands of consumer.

Industrial organizations conduct market studies to learn what consumer goods should be produced. The objective of organization is to create and to exchange utility.

Organizations' success is dependent upon the appropriateness of the series of acts. Before the industrial revolution,

there was small owner

managed enterprises with simple organizational objective.

Modern advancement made crucial the establishment

of a hierarchy of objectives, resulting a division of the managed^{ment} function. The accomplishment of appropriate objectives contributes directly to organizational efficiency. There is a major contribution of management for accomplishment of objectives.
