- A
- B
- C
- D

VI- Conclusion

Thesis Statement :-

Information technology continues to play a vital role in human life. It is a blessing for various social, political and economic reasons. On the contrary, it is argued that information technology is a curse. However, information technology continues to shape a better future.

Argument:

- * T.S: Information technology is a blessing because it enhances social harmony in the society.
the reason for this stance
- * Why I am saying this?
Social harmony is crucial for growth of any society, when people work together with greater cooperation and without conflicts then they bring efficient and positive outcomes for society.

Conclusion:

Hence, information technology continues to ~~shape~~ a better future by enhancing Social Harmony in the Society.
