My last day at College

Peri. Hense

The last day of my college was on 26th February 2020, Wednesday.

It was our last week in College, and the next week we were having farewell. So for that, we were busy in making the last video. I remember I was the coordinator of video making, along with our teacher Sir Norman Sheikh and a fellow college student Abdullah from A1 College.

We were expecting the Friday of 28th Feb to be our last day, but unfortunately 26 Feb became our last day due to Corona virus. That day was not very memorable, as we were planning for the celebration with cake cutting on 28th Feb, but our whole plan was spoiled by Covid-19. On 26th Feb 2020, I just remembered with a few memories as I just mentioned above that we were working on the last video.

I remember the prank that we played, as there was one teacher of Urdu subject, Miss Madhys. She was afraid of lizards for fun and for the video, my friends and classmate asked me to put the Artificial lizard inside my register and take the register to Miss Madhys for checking. I went there in front the while heard towards me Miss Madhys along with register. As Miss opened the register, she screamed "Chiiik!". I was also shocked and afraid. Then after some pause, everyone laughed except me and Miss Madhys. But Miss tried to manage the class and started the lecture. Her expression towards me especially was not okay. As the class was over, mass went out. I also went out of the class after mass, toward our video making incharge English teacher Sir Norman Sheikh, He was also there at the time of prank.

and I discussed that mam's expressions were not good with me. So he asked me to go and say sorry to her, I went there and apologized to Ms madhiya. She just accepted by apology, and it was around off time, and I went home.

Adopt a formal writing style for competitive exams

Careful about using preposition

Write one idea in one para

Must have introduction and conclusion in your para
