

Essay:

A smile is the chosen vehicle
for all ambiguities

I. Introduction

Not a comprehensive outline

Thesis Statement: Smile is a veil
with dual nature. It can be used for
both constructive and destructive purposes.

Points can be made better
Can be interpreted in a better
way
However, the destructive role of one's deceptive
agendas through smiling can be minimized
by certain suggestions.

II. Dual nature of smile - an overview

III. Cases in which smile is used
for constructive purposes

a. Bosses despite the pressure
from stakeholders, smile to
keep the working environment
normal.

Example : A Leader Mentor
by Tony Dungy

b. Businessmen given the loss
in trade, smiles to keep the
subordinates motivated

Example : TESLA Company
Cyber truck show
and Elon Musk

c. Teacher after realising the small mistakes of students, smiles to keep them trying. ^{from their} confidence building

Example: Prophet (SAW) secret

N Cases in which smile is used for destructive purposes / smile as destructive tool / smile playing a destructive role

a. Diplomats use smile to conceal their realist agendas

Example: Israeli diplomats

b. Generals utilize smile to mask their losses and ~~book~~ demoralize enemy.

Example: IAF chief

c. Politicians use smile as a tactic to politically manoeuvre the opposing party

Example: President B. Obama

V Suggested measures to identify and overcome the destructive ^{role played by} effects of smile

a. Believing in action rather than words or gestures

b. Consulting the ground realities of one's smile

VI Conclusion
